

CROSSFIRE

SUPER CLEANER, DEGREASER, STRIPPER

"It just mows down dirt, grease and grime"

Product Description

CROSSFIRE is an instant action liquid cleaner, formulated to attack the dirtiest industrial and institutional cleaning jobs with minimal surface scrubbing or manual effort. Its high powered, super concentrated formula dissolves and floats away hardened fats, food spillages, nicotine stains, floor polishes and waxes that many other cleaners and strippers leave behind.

Multi Purpose Applications

Reduces your inventory cost. CROSSFIRE is a balanced formulation, developed for food areas to banish the need for flammable solvent based cleaners and pungent smelling degreasers and strippers in the commercial and industrial field. Its medium suds formula and high performance make it ideal for pressure washers, steam cleaners and automatic scrubbers. Just dilute to the strength you require, a real cleaning kit all in one.

Performance Checklist

- Ideal for fast food outlets for spray-on, wipe-off cleaning of greasy surfaces.
- Cleans carbon-based soils like soot, smoke and burnt-on food residues.
- Floors, vinyl, painted walls, marble, concrete, all comes up “squeaky clean” when mopped or scrubbed with CROSSFIRE.
- Removes heavy polymer and wax coatings, greasy marks and stains from vinyl, concrete and terrazzo.
- Cleans off body fats and grime from showers and swimming pools.
- Ideal for automatic scrubbers and any heavy duty cleaning factories and industry.
- Non-flammable and non-polluting base keeps the environment clean, safe and healthy

Directions

There are a few easy to remember dilution levels for CROSSFIRE. It ensures easy staff training and correct economic use.

| <u>Dilution</u> | <u>Application</u> | <u>Method</u> |
|-------------------------------------|---|--|
| Undiluted | Kitchens, ovens, rangehoods, rotisseries, exhaust fans, grease. | <u>Ovens and cook tops:</u> Heat to approximately 80°C. Turn off. Apply CROSSFIRE with spray. Leave to soak 5 minutes. Re-apply and wipe off with scourer. <u>Ducts and filters:</u> Spray and leave to stand 5 minutes; pressure spray with hot water. |
| | Drains: To keep drains flowing freely. | Add 500ML once per week. |
| | Industry: Rubber tyre marks, some glues, printing inks. | Apply until softened: Scrape gross deposits. Re-apply then rinse. |
| 1 part CROSSFIRE 10 parts water. | Heavy duty cleaning and degreasing. Restoring floors, quarry, ceramic tiles. Concrete in food processing and automotive industry. Stripping heavy wax build-up. Marker pen, graffiti. Tar grease and road film. | Apply by spray or mop. Scrub with rotary machine. Let stand to activate for a few minutes. Rinse or hose off. |
| 1 part CROSSFIRE to 80 parts water. | Maintenance cleaning: automatic scrubbing, high pressure washing. Light soilage on most washable surfaces. Soaking cleaning cloths and metal parts or utensils. | Use hot water to dilute if possible. Hot water cleans greasy soils better. |

Handling

Because CROSSFIRE is a concentrate and strongly alkaline, care must be taken when handling or using in dilutions under 1 to 20 unless rubber gloves are worn. There should be no adverse affect on users who have tolerance to heavy duty detergents
